

TOWN OF BRAZEAU, OCONTO COUNTY
Application to Perform Work on Town Road

The Town of Brazeau requires a minimum \$500.00 cash bond for each incident prior to any town road, shoulder or right of way work; such as, lay pipe, wiring, culverts, tree and brush removal, etc. This cash bond is held until the road work is complete. You have 30 days to repair road back to original condition or better. Upon completion and an approval inspection by the town the cash bond will be returned to the payer. If it happens that the road is left in a condition that needs added work to repair, the cash bond will be used for the repair and any additional costs needed for the repair will be billed to the payer.

Complete the following:

Name of the company doing the work

Start date: _____ End date: _____

Physical address of work (include section, township, range)

If a Sanitary District area specify: Brazeau Sanitary District or Kelly Lake Sanitary Dist.

Purpose of the work

Repair of Road will be completed in 30 days

Name and Address remitter: Phone Number: _____

Signature(s)

Town of Brazeau
10892 Parkway Road
Pound, WI 54161

If questions, contact Town Chairman.

TOWN OF BRAZEAU
Ordinance #BZ 3g-2017

ROAD EXCAVATION

Permit Required:

1. No person, company, LLC, utility or corporation, or their agents or employees or contractors shall make or cause to be made any opening, excavation, or boring, or place/relocate/replace any utility structure or pole, sanitary lateral or thereof; in or under any public street, public road/highway, public lane, right-of-way, public ground or town owned easement or fill or alter any culvert or construct or install additions or extensions to its existing facilities within the Town of Brazeau without a permit application filed therefore with the Town Chairperson or Town Clerk, or their designee

2. The utility or contractor shall submit to the town a written request for a utility construction/street-road excavation permit and a plan of the proposed alteration, coring, extension or addition, showing its location and details of construction, including specified depth, method of excavation, open our or auguring, provisions of restoration and whatever the town would deem necessary for review and consideration.

Cash Bond. Before a permit of excavation, boring or opening any road/highway/street/lane or public way be issued, the applicant must provide a signed statement in that he/she will indemnify and save harmless the Town of Brazeau and it officials from all liability for accidents and damage caused by any of the work covered by he/she "work on town road" permit and that he/she will fill up and place in good and safe condition all excavation and openings made in the road/highway/lane, etc and will replace and restore the pavement over such opening; making it as near as can be to the state and condition in which he/she found it and keep and maintain the same in such condition, normal wear and tear exempted, to the satisfaction of the town board.

Whenever the town board shall find that such work has been defective upon notification of completion from such excavator/contractor and such road/highway/street etc is not restored as required, the town board will/shall restore the surface and bill the permittee therefore the cost thereof less the five hundred (\$500.00) cash bond.

Emergency Excavation. In the event of an emergency, any person, firm or corporation owning or controlling any sewer, gas main, water main, conduit or other utility in or under any public road/highway/street, easement, way or ground and his/her agents and employees may take immediate proper emergency measures to remedy dangerous conditions for the protection of property, life, health or safety without obtaining an excavation-permit to work on town road; however, town board member should be notified of such action.
