Call Review – 13 calls, 9 transports, 2 paramedic intercepts in July. We had good a discussion regarding time to leave the station and in route the patient. When we have two EMT's or one EMT and driver ready with a second EMT in route, do not wait for time sensitive calls. Have the second EMT or driver meet on scene.

Training request ideas – What do you feel you need more training on to become better or more confident with any aspect of the job?

Looking into new shirts for the service.

Supplies – local hospitals have begun using suction anti choke devices and we are considering buying for our service and possibly for community outreach at a few restaurants. If there is interest by members to purchase one for your home let Deb Agate know.

Emergency radio changes will take place on Oconto County channels as they upgrade their system in November. Marinette County doesn't expect there to be any changes with their upgrade.

John Fetterly is working with Pound & Brazeau Fire and extending an invite to Brazeau Rescue for a pot luck get together in September. Meat will be provided and asking members to bring a dish to pass. Date is yet to be determined.
